

Alzheimer's Disease Doesn't Discriminate

Alzheimer's disease is complicated and caring for someone with the disease is viewed differently among different cultures. Among all cultures the disease presents unique challenges within the context of personality, overall health, and personal and financial resources. However, unrecognized cultural influences may present barriers in accessing needed supports and assistance. This program addresses Alzheimer's-related issues in diverse populations and potential ways to adapt services to better serve all who face this disease.

RNs, LPNs, APRNs, social workers, LPCs, LCPCs and psychologists will earn 7 contact hours. ACHAs will earn 7 (RC) hours. Approval is pending for PTs and OTs.

This program is co-sponsored with
alzheimer's  association

the compassion to care, the leadership to conquer

Defining Hope: Reducing Barriers to Services in Diverse Populations
